Assess your system regularly - Perform a one-time test to affirm procedures or an option to schedule multi-drills per year.

Planning & process validation document updates to your plan.

Consulting Services - Minimize Outage & Downtime with Strategic Planning, IT business continuity.

Our Commitment to You for Disaster Recovery:

- BCL also provides a **fail-safe, effective disaster recovery plan (DRP)** - one that is documented and tested regularly - essential for **limiting downtime, avoiding lost revenue, ensuring a speedy recovery of resources, and allowing an organization to restore services to clients quickly.**
- BCL will perform a **DR gap analysis**, identify what works, what is missing, and then implement any recent updates and re-test the changes to the plan. Why not schedule BCL to analyze, maintain and test your Data Center recovery process?
- BCL delivers strategic **Implementation/Deployment Road Maps** and **time-line planning**, helping clients select, deploy & deliver intelligent, **cost-effective IT solutions** for supporting business growth and strategic direction.
